

Dear Open Group Members,

I hereby announce the Company Review of the following Open Group Standard with The Open Group Architecture Forum as sponsor of the review:  
TOGAF® 9.1 Translation Glossary: English - Turkish (Türkçe)

**Description:**

This document is the English to Turkish (Türkçe) Translation Glossary for TOGAF 9.1. The scope of this document is translation of terms in the TOGAF 9.1 specification.

The review will commence on May 13, 2016 and end on June 10, 2016.

The (commenting but not balloting) review group will be The Open Group Architecture Forum, plus other forums, work groups and interested parties from The Open Group membership.

The recommendation formulating change request review group will be The Open Group Architecture Forum.

The balloting group consists of the members of The Open Group Architecture Forum.

I hereby assert that this submission satisfies the Standards Adoption Criteria.

Ballot resolution will be against the proposed resolutions put forward by the sponsor.

For the benefit of those unfamiliar with The Open Group Standards Process Company Review, it is a formal process by which a document is approved for publication by The Open Group. You are invited to review and submit proposed changes ("Change Requests - CR") that would make the document acceptable to you. A formal ballot then decides which changes are accepted.

For more information on The Open Group Standards Process see:
